ARE YOU READY FOR THE FREE? (COMICS, THAT IS...)

We're just about a month away from ***Free Comic Book Day 2020*** on Saturday, May 2nd! Hopefully you have your day planned out, and your list of comics that you're hoping to score on the first Saturday in May! I'll be heading to my favorite comic shop for the day, then maybe hitting the local cinema to take in a showing of BLACK WIDOW (which honestly looks like a lot of fun). If you haven't figured out your "want list" for Free Comic Book Day, be sure to turn to page 31 of this issue to check out all the titles that will be available to you. And don't forget to bring some friends and family who don't usually read comics, it can't hurt to share your hobby with them!

Elsewhere in this issue, we're once again celebrating **MANGA MONTH**, our annual theme dedicated to all things Manga! You can find all the latest releases, both new and backlist, in our Manga Section (beginning on page 389!), as well as elsewhere in the Print section. Just look for the "Manga Month" icon. Heck, even I read some manga titles! My go-to titles are ULTRAMAN from Viz, and the ULTRA KAIJU HUMANIZATION PROJECT from Seven Seas. And yes, you do detect a (ultra) pattern there! It just goes to show you that there truly is something for everyone with Manga!

That's it for this month! I'll talk at ya' next month!

Billy Tucci on Creating Covers for The Overstreet Comic Book Price Guide

BIG! BIG!
49th EDITION
OVERSTREET
COMIC BOOK

Artist-writer Billy Tucci has created three covers for *The Overstreet Comic Book Price Guide*, as well as other Overstreet publications. His process for creating covers has been to use his own love of comics by looking through covers and memorable character moments to draw inspiration, then send rough sketches to the editors for approval, according to Tucci.

For his cover on the *Guide* #37, Tucci paid homage to *Flash* #123 by having two versions of Supergirl rescue Jimmy Olsen. On Overstreet's *Big Big Guide* #47, Tucci took inspiration from Norman Rockwell's *Saturday Evening Post* by having the Tick read comics in a window seat. His most recent *Big Big* #49 cover sees Tucci's own creation Shi confidently ready for battle and just in time for her 25th anniversary.

COMICS

Jerry Siegel and Bernard Baily introduced the Spectre in *More Fun Comics* #52 (February 1940), first as officer Jim Corrigan. He and his fiancée Clarice were attacked, and Corrigan was killed, but his spirit refused to enter the afterlife and is sent back to Earth by the Voice to stop evil.

The Spectre has god-like powers with the ability to manipulate time and space, control matter, and can do almost anything he wishes to those he judges. He has no known weakness, though he needs a human host to render judgement, and he is nearly invulnerable, aside from powerful magic. Spectre is often considered the most powerful superhero, based on his abilities.

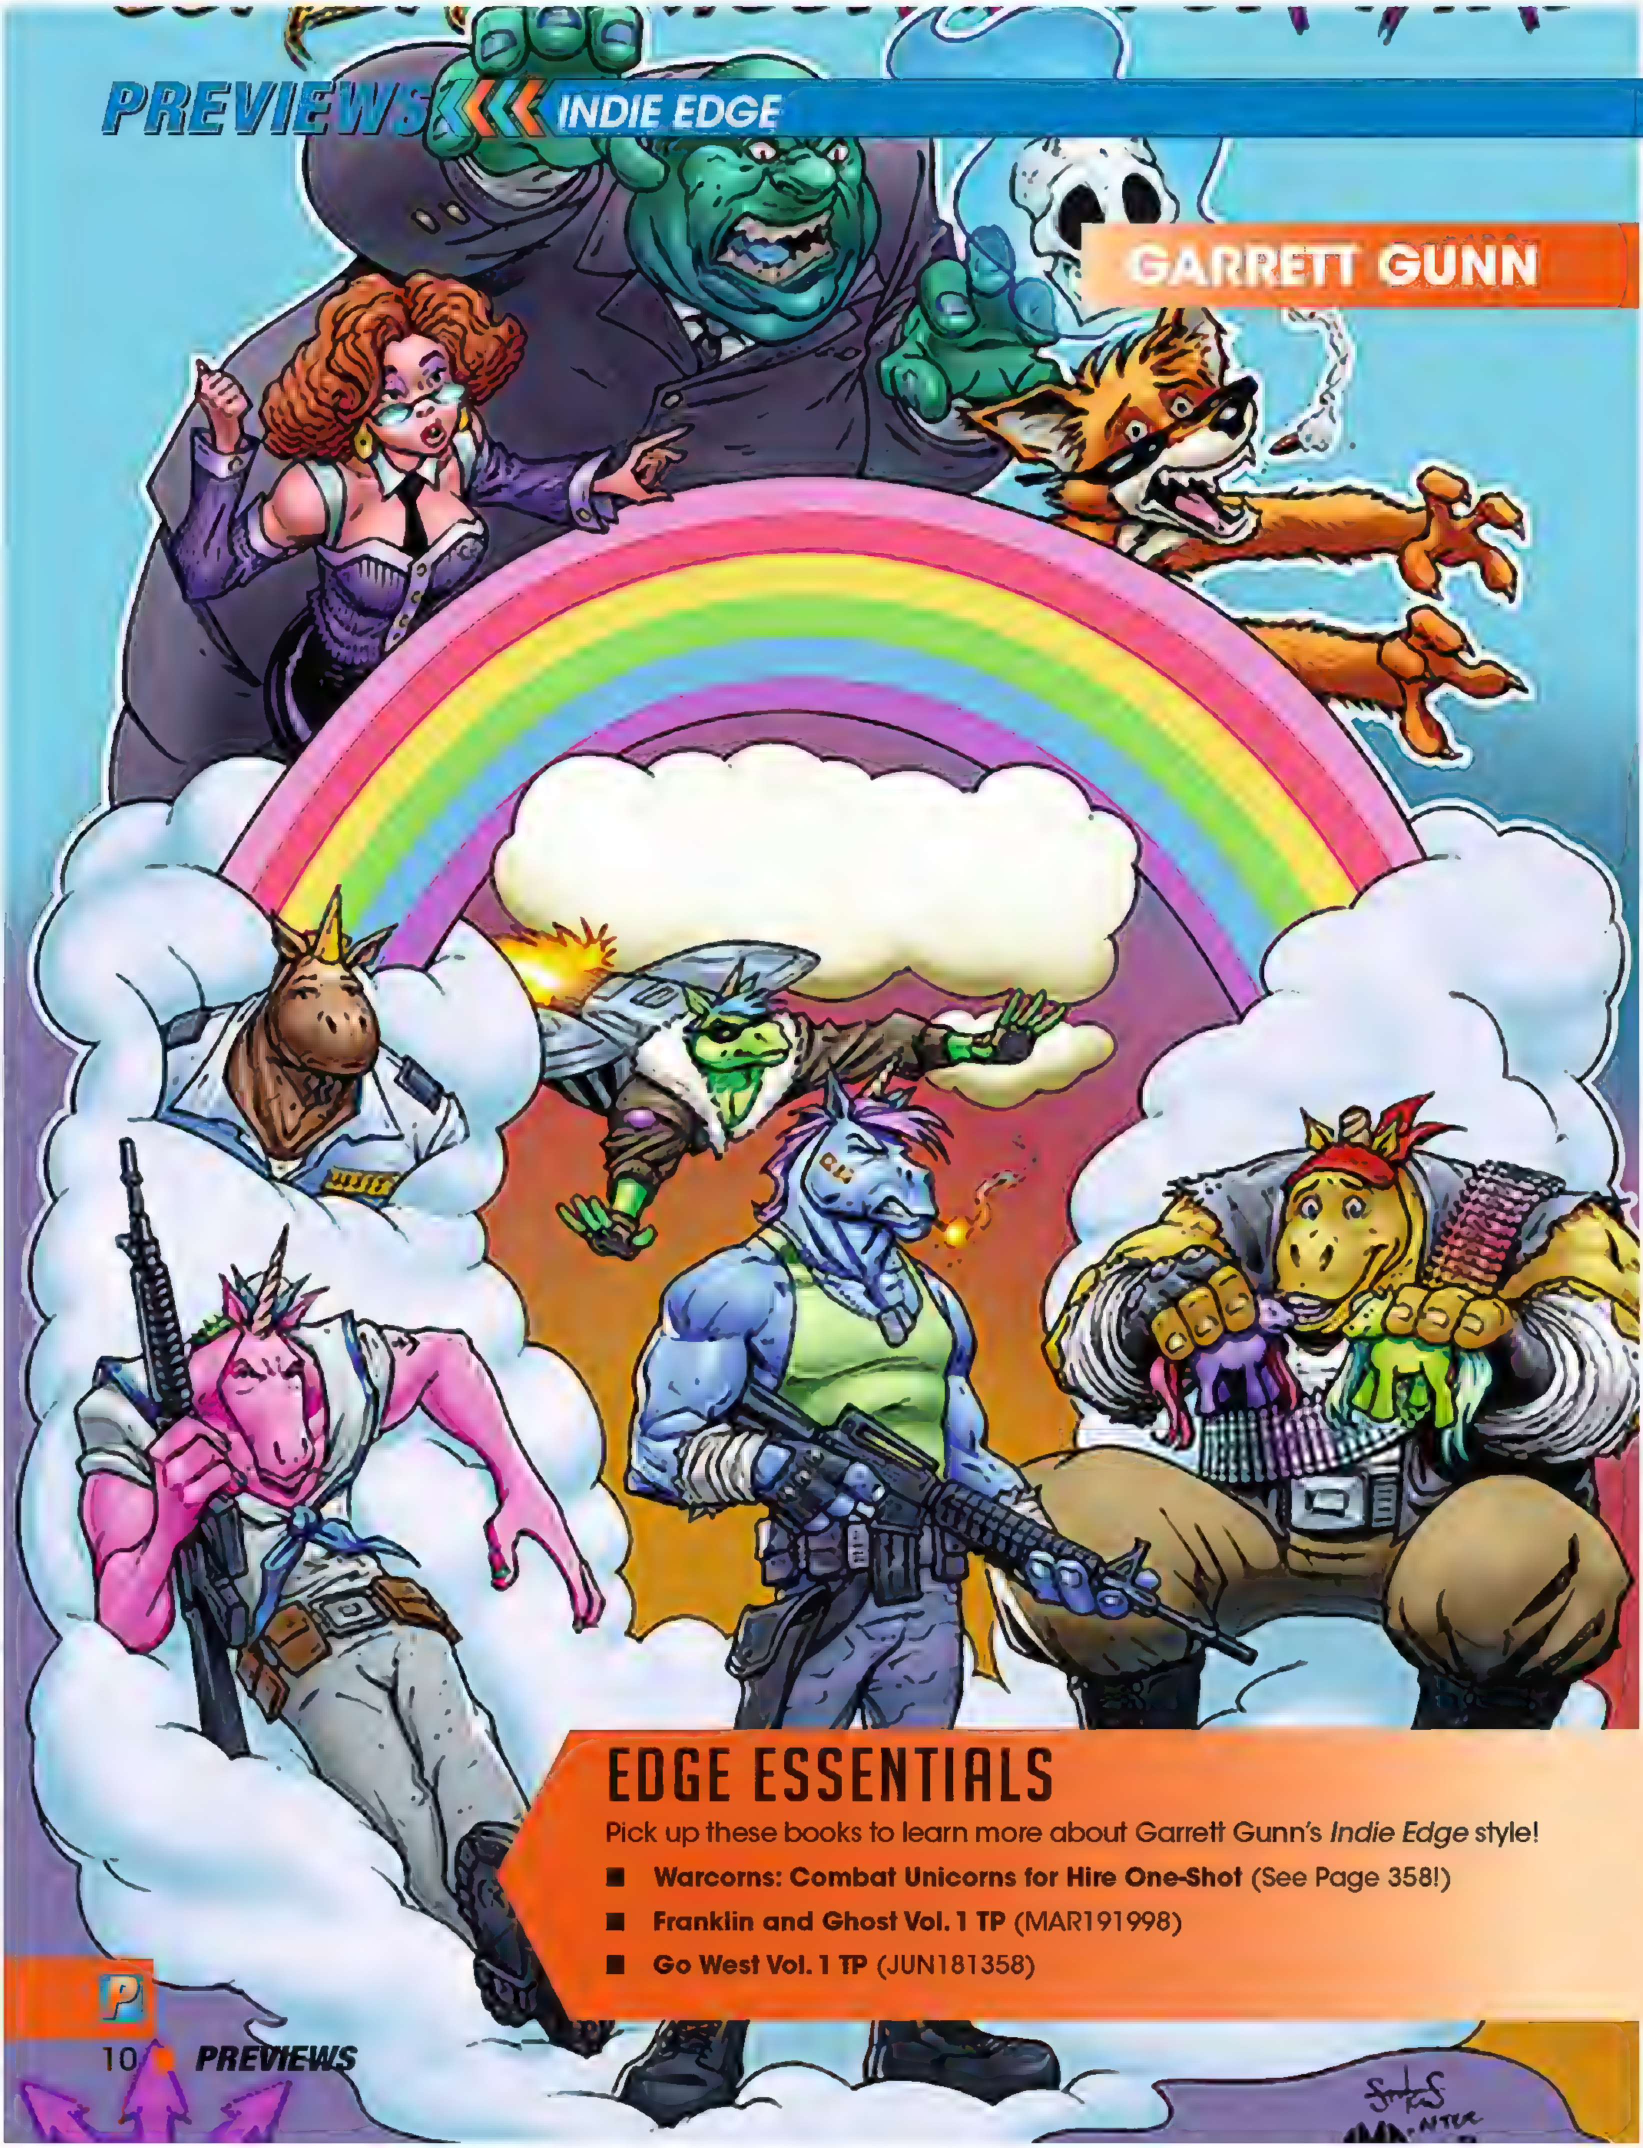
GARRETT GUNN



EDGE ESSENTIALS

Pick up these books to learn more about Garrett Gunn's *Indie Edge* style!

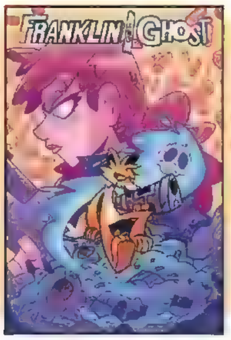
- **Warcorns: Combat Unicorns for Hire One-Shot** (See Page 358!)
- **Franklin and Ghost Vol. 1 TP** (MAR191998)
- **Go West Vol. 1 TP** (JUN181358)

Please tell us a bit about yourself!

My name is Garrett Gunn and I'm the writer and creator of *Warcorns: Combat Unicorns for Hire* (see page 358 of this issue!) as well as it's overarching universe centered around my other work *Franklin and Ghost* (MAR191998). I've been writing comics professionally for about six years and have had 15 different works published by various independent publishers, notably Source Point Press. Before working in comics, I was an Intelligence Analyst for the United States Army and served both domestically and internationally in support of multiple intelligence agencies. During my time in Afghanistan, I wrote my first comic which I made upon returning from my year-long deployment. Since that first book, I have gone on to write several titles that span multiple genres including Fantasy, Sci-Fi, Adventure, Horror, and even a Western! I currently live in Northern California with my wife and our two amazing kids!

What are your favorite projects you've contributed to over the past decade?

Warcorns is definitely up there. My career in comics took a turn in 2017, when I decided I really wanted to explore the more ridiculous side of comics. A lot of writers, in my opinion, are always trying to write "The Next Big Thing" and I just kind of want to write the most entertaining and ridiculous thing I can. When I made the choice to change my approach to comics, it started with the book *Franklin and Ghost*, which are characters you will meet in *Warcorns*. Despite being a tie-in to *Franklin and Ghost*, *Warcorns* stands on its own two feet as an entertaining one-shot. These two books sparked a new energy in me as a writer and have set the standard for what I expect from myself both as a storyteller, and as a creator. I also got the chance over the last few years to contribute to others' works. Two of my favorites are *Zombies: We're Human Too* (Vol. 2 in Kickstarter now) and *Infinite Punishment*. The first, is an anthology created by Austin Janowsky which highlights the origin stories of certain zombies during an apocalyptic event. Infinite Punishment is a book that is very special to me as it was created by my late friend, Marcelo Trom, who passed away late last year. Marcelo asked me to write part of the story for the first issue of that series and it's something I'm thrilled to have done. He was a masterful artist and I miss him every day.



What are you currently working on?

While most of the work I do is meant for mature readers, I have recently discovered a love for writing all-ages fantasy. I'm currently putting the final edits on a book called *Spero*, which will be the first novel I've written. The book will be edited by my friend Drena Jo (*Broken Gargoyles*) and will feature art by my common collaborator Nicolas Touris (*Franklin and Ghost*, *Fear Diaries*). It's much different than a lot of the things I've created, which is very exciting and motivating!

What fun titles are you reading?

Anything *Hellboy*. I recently started going back and re-reading my Library Edition hardcovers and I feel like every time I put it down, my creative spirits are re-energized. Mignola is such a huge inspiration to me and I am constantly in disbelief of his masterful writing and endless imagination for unique characters. Also, anything by Source Point Press. Obviously, I may be a bit biased, but Travis McIntire and Josh Werner are basically responsible for my career and I am blown away by their ability to attract some of the most ambitious and talented creators in this industry. I recently finished *Dead End Kids* (JAN201975) and *Gutter Magic* (*Vol. 1* / JAN201977), which were both phenomenal!

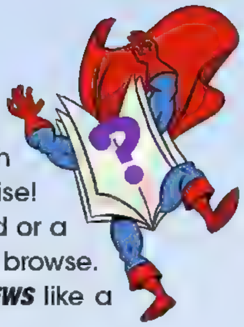
USER'S GUIDE

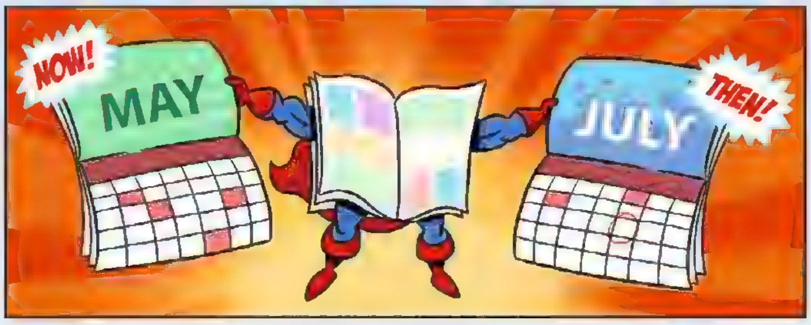


There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

Learn How to Use *PREVIEWS*
to Order From Your Comic Shop!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

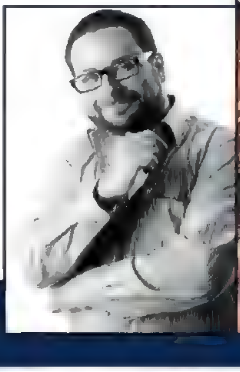
RETURN TO THE ORIGINAL WORLD OF BLADE RUNNER 2019!

Former Blade Runner Ash and her charge Cleo return to the rain-soaked dystopic future of Los Angeles for a confrontation that will expose a terrifying conspiracy that could bring down a dynasty!

BLADE
RUNNER
2019



As the bestselling comic by the Academy award-nominated screenwriter MICHAEL GREEN (*BLADE RUNNER 2049*) and co-writer MIKE JOHNSON (*SUPERGIRL*) enters the beginning of its third arc, we sat down with series artist Andres Guinaldo to discuss what it is like working on this exciting title and what to expect from the story to come...

ANDRES GUINALDO

How did you first start working in the comic's industry/ what made you want to become an artist?
Although I wasn't an avid comics' reader when I was a kid, I was always interested in drawing. I studied movie Direction and thanks to my work as a storyboard artist and the fact I kept working with friends and for fun, when it was time to find a career I found comic-books would be a medium where I could put together my passions, drawing and my impulse to tell stories. It was really a natural process for me.

What was your first reaction to getting involved in the Blade Runner 2019?
Were you a big fan of Blade Runner before you got involved in the comic? I was a fan of the movie, indeed. I've always seen on it a big influence of European comics, which is a style I feel very close to. So when I had the chance to work on this project I did my best to be a good fit for it!

BLADE
RUNNER
2019

What has been your favourite part of the series to draw so far?
Recreating the movie's atmosphere and mood has been the most enjoyable part for me. Trying to translate the movie's imagery to paper and to achieve that the Blade Runner fans don't feel cheated or let down. To get that, when the reader of our comic reads it, says "I am in the world of Blade Runner."

How do you go about drawing a scene? Do you draw multiple different sketches of a scene and then choose your favourite or do you often go with your first draft?
I always trust my first instinct. The normal thing is to send a page layout to the editrs and writers so they can take a look and approve them. But when I read the script, I already can see the planning and compositions in my head and it uses to be all very clear. Some times I have doubts about one panel, or a page as a whole, but the normal thing is that I trust my first instinct.

How important is this for you to add a sense of life your art?
I've always tried for my work in comics not to be static. I like that my characters have movement to them. And I don't only mean in the action scenes, but also trying to get, in more everyday scenes, that the characters don't feel rigid. All my work has to be in the service of the story and what each character feels at any given time.

You've worked on titles from many Marvel and DC superhero or supervillain comics? How does working on Blade Runner compare to these stories?
I think the main difference is the genre. Be it superheroes or more "down to earth" stories, what matters in the end is the story and the writers' visions. In this case the story has gone all in noir (and the movie was already a noir, in a big sense). It's a pleasure for me since I've always been attracted by these kind of stories.

Do you like to read comics yourself, If so which? Are there any comics or artists that have inspired you and your artwork?
As I said before, I've never been a huge fan of comics, but I've always admired artists with styles as diverse as Travis Charest, Stuart Immonen, Ron Garney or my fellow countryman Carlos Pacheco. There's a lot of artists I admire.

Do you look back on the original artwork from the Blade Runner film for inspiration or are you more interested in crafting your own take when designing the world?
I've wanted to be really faithful to the movie and that's where I've found my main inspiration. As an artist you always want to include something of your own creation, imagination, of course, but never veering too much away from the spirit of the original movie.

People think they know me or where I come from. I'm not so sure they do. Maybe I am a superhero. But, to me, that's about a lot more than just maintaining the status quo. I'm not here to make you feel better about the way things are. I'm here to try and change things, to make things better. ★★ ★★★ My whole life, the world has been in chaos. Lotta scary stuff out there. And I don't like it. None of us do. Don't tell me to vote. That's a broken system. There's no political party out there that represents me. HC | FC | $19.99 | 128 Pages | ISBN: 978-1-68405-703-0

AVAILABLE IN SEPTEMBER

Comedy is hard... but dying is easy! From *New York Times* bestselling author **Joe Hill** (*Locke & Key, NOS4A2*) comes this new graphic novel mystery.

Meet Syd "Sh*t-Talk" Homes, a disgraced ex-cop turned bitter stand-up comic turned wanted killer! Syd's rival Carl Dixon is on the verge of comedy superstardom and he got there the dirty way: by stealing jokes. He's got a killer act, an ugly past, and more enemies than punch-lines. When he turns up dead, Syd is on the top of the suspect list... he had motive, he was the last man to see Dixon alive, and he had already named his price for taking Dixon out. Syd isn't guilty of anything but bad jokes but now he's on the run, and it'll take all of his investigative chops to nail the real killer, before the cops nail *him*.

"Dying is Easy is off to a great start thanks to Hill's beleaguered protagonist and Simmond's watery, neon-drenched visuals.
— *Collider*

"It's a perfect pairing of script to art"
— *Bloody Disgusting*

"...a marvelously dark, damned funny excursion into an urban hellscape that promises plenty of fascinating reading ahead."
— *Cinema News*

Experience the riveting, powerful story of the Native American civil rights movement and the resulting struggle for identity told through the high-flying career of west coast rock n' roll pioneers, **Redbone.**

You've heard the hit song **"Come and Get Your Love"** in the movie ***Guardians of the Galaxy***, but the story of the band behind it is one of cultural, political, and social importance.

Brothers Pat and Lolly Vegas were talented Native American rock musicians that took the 1960s Sunset Strip by storm. They influenced The Doors and jammed with Jimmy Hendrix before he was "Jimi," and the idea of a band made up of completely Native Americans soon followed.

Determined to control their creative vision and maintain their cultural identity, they eventually signed a deal with Epic Records in 1969. But as the American Indian Movement gained momentum the band took a stand, choosing pride in their ancestry over continued commercial reward.

Created with the cooperation of the Vegas family, painstaking steps were taken to ensure the historical accuracy of this important and often overlooked story of America's past. Part biography and part research journalism, *Redbone* provides a voice to a people long neglected in American history.

Read about the riveting stories of Black artists who drew, mostly behind the scenes, superhero, horror, and romance comics in the early years of the industry.

The life stories of each man's personal struggles and triumphs are represented as they broke through into a world formerly occupied only by white artists. Using primary source material from World War II-era Black newspapers and magazines, this compelling book profiles pioneers like E.C. Stoner, a descendant of one of George Washington's slaves. Stoner became a renowned fine artist of the Harlem Renaissance. Perhaps more fascinating is Owen Middleton who was sentenced to life in Sing Sing. Then there is Matt Baker, the most revered of the Black artists, whose exquisite art spotlights stunning women and men, and who drew the first groundbreaking Black comic book hero, Voodah!

Gorgeously illustrated with rare examples of each artist's work, including full stories from mainstream comic books to rare titles like *All-Negro Comics* and *Negro Heroes*, plus unpublished artist's photos and art. Invisible Men: The Trailblazing Black Artists of Comic Books features Ken Quattro's over 20 years of impeccable research and writing. In the end, the gods gathered together and met their foes on the Battle Plain of Vigrid. There, so the stories say, the gods and their Great Enemies slaughtered each other, the stars fell from the sky, Midgard itself sank into the all-encompassing ocean, and the Nine Worlds were destroyed.

But not all the old stories are true. Thor survived as did most of the Enemies while the gods went down to defeat and the Nine Worlds became one vast land of desolation. Now, in his search for revenge, the last god standing hears the voice of one long dead and it sets him on a new course.

Walter Simonson, legendary creator of Star Slammers, Manhunter and the Alien film adaptation (with Archie Goodwin), and the definitive version (after Stan and Jack) of Marvel's Thor, presents the next thrilling chapter of his own post-Ragnarök Thor saga!

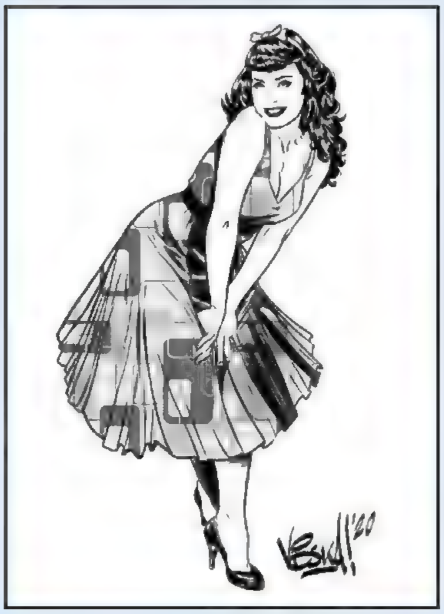
BETTIE PAGE – HOLLYWOOD STARLET!

WRITER KARLA PACHECO AND ARTIST VINCENZO FEDERICI BREAK IT DOWN

Karla, welcome to the Dynamite family! What drew you to writing Bettie Page initially? Did you previously have any affection for the timeless pinup extraordinaire?

KARLA: Thank you! I'm thrilled to be working with Dynamite as we bring Bettie back into the limelight with this series. There's a bit of burlesque in my personal history (as well as a "goth-rockabilly" phase that's far more embarrassing), so Bettie Page has always been a huge idol for me. Not just for her iconic style, but for the way she brought such a sense of joy and delight to her performances and sensuality.



Vincenzo Federici interior art

This new series involves shooting a film on a tropical island and the tease of famous model Bettie Page becoming a genuine Hollywood star. Unfortunately, she never fully broke into mainstream acting in her life, often denied opportunities or faced with obstacles she refused to lower herself to, a narrative tragically still resonant today. How will your series handle Bettie's brushes with La La Land?

KARLA: One of the things that was most important to me in how we approached this series was staying respectful to Bettie Page's history and amazing spirit, even as we try to give her what will (hopefully) be a happier future. The real Bettie was indeed denied the opportunity to reach her full potential as a star, and I want to find the world where she DID get those chances... even though it's far from smooth sailing! She'll face plenty of challenges and a little heartbreak as she tries to make her mark on Hollywood, but I think it will be an exciting adventure for both readers and "our" Bettie.

You cited Ed Brubaker and Darwyn Cooke's take on Catwoman as an inspiration in style and besides being big fans of those masterful creators, we totally see the link. You've also acknowledged L.A. Confidential and the pulp and noir flavors being blended in. Can you dive into those and any other influences a bit?

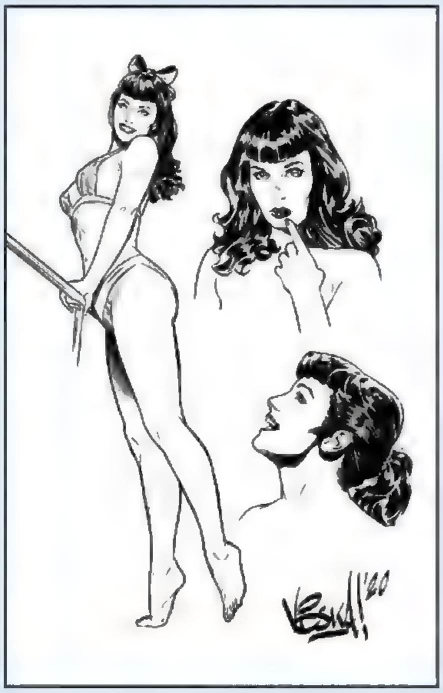
KARLA: Catwoman is one of my all-time favorite characters, and the Brubaker/Cooke run was obviously one of the best. The things I love most about Selina Kyle and Bettie Page are their resilience, their charm, and the sheer exuberance they take in BEING THEMSELVES. Fearless in their sexuality, but (in Bettie's case) almost innocent to its effects. Both fit so effortlessly into a noir setting. Overall, I'm trying to weave together dusty, dog-eared Hammett and Chandler novels, the breezy feel of vintage "LOOK" magazines, classic episodes of Poirot and Murder She Wrote, and the salacious naughtiness of Hollywood gossip rags. It's lush, pulpy, stylish fun (with a surprising amount of murder and intrigue)!

You're introducing a healthy roster of colorful supporting characters to revolve around Bettie in this series. Without spoiling all the introductions, what can you tell us about a few of these men and women that fans will soon meet?

KARLA: Bettie is charismatic, sweet, sexy, and tough... but those qualities can invite adoration and envy, fear and attraction in equal measures. As we begin our story, Bettie's foray into Hollywood stardom has already led to a provocative circle of friends and foes: eccentric billionaires with more money than sense; a child star turned "America's Sweetheart" with a dark side and a grudge; an adorably morbid "girl photographer extraordinaire;" a loyal (or perhaps not) agent and protector; and a disgraced vice cop convinced Bettie is up to something, struggling against her "foul temptations" (she just thinks he's cute). This is a big story with a showstopper of a cast, all coming together to tell Bettie's story!

In addition to artist Vincenzo Federici, the creative team joining you is rounded out by colorist Rebecca Nalty and letterer Becca Carey. How has the collaboration been with this crew and seeing your scripts come to fruition?

KARLA: I'm so excited to be working with such a talented team. I can't wait for everyone to see what we're coming up with. This is a gorgeous, colorful dream of a book, and I think it will be a real surprise and a great adventure for our readers!



Vincenzo Federici interior art

Vincenzo, the hardcore Bettie Page fans may recall you've actually drawn "The Dark Angel" on two sweet covers (go get the back issues!). Now you can really stretch out as the interior artist on this book with Karla and company! How would you describe your stylistic approach to capturing this wonderful woman and the world around her?

VINCENZO: I'm super excited for this new adventure! I've loved Bettie's legend since I was a kid and it's a great honor to work on this book and contribute to that legend myself. I'm trying to approach this series with a more elegant style than my usual, because this kind of character and story really needs it.

As Karla has gone into her fonts of inspiration above, are you pulling from anything while tackling this project? Any particular artists, comics or other stories that are adding to the Bettie Page magic?

VINCENZO: My inspiration usually comes from my favorite artist, Alan Davis. I really love his approach to the female figure and in general every mark he makes. In this series I'm also looking to Darwyn Cooke and Terry Dodson, two other legendary artists who I think capture both the power and sensuality of women well. I hope all the readers will enjoy my art on this!

THE GREEN HORNET GANG HAS A BLAST TALKING THE NEW SERIES

The Green Hornet has been quite a malleable character through the years, jumping across identities, time and space. This tradition goes back even before Dynamite and ultimately builds the GH legacy. When and where will readers be transported to in this new series and who are they hanging out with?

SCOTT LOBDELL: It's funny you say that because too often — it seems to us -- comics have become so self-limiting. There was a time when Superman would fly into the Batcave and enlist Batman to help solve a murder on Mars, Batman would throw on his fishbowl breathing device and Superman would fly him to Mars. You "can't" tell that story anymore because killjoys and "realists" the world over would complain Batman would freeze to death as soon as he left orbit in his spandex costume and blah blah... Anthony and I are huge proponents of fun comics. Not fun in the Deadpool/Harley Quinn joke-a-panel way, but more in that we want to take full advantage of this medium. So sit back and enjoy this epic and don't worry about where in fits in the larger tableaux!

ANTHONY MARQUES: This story is a bit of a timeless tale. With the incredible history of the character, Scott and I thought it would work best to pull different pieces of his history and bring them together in a story that will feel familiar to fans and be fresh to those being introduced to the character for the first time.

What makes Green Hornet & Kato such badass dudes? Can fans expect to see some sweet gadgets and martial arts?

SCOTT: They are so badass because this story is kind of autobiographical — I am like Green Hornet and Anthony is like a sedentary Kato! But seriously, lots of gadgets and martial arts! Both are going to be applied in ways we haven't seen throughout the character's history.

ANTHONY: What's really fun about these two characters is that they are really underdogs. The Green Hornet isn't like Batman. I always like to think of him as more of a "John McClane" type of character. An ordinary guy in extremely extraordinary situations. Especially in our story. And Kato is just the coolest. The threat in this story is unlike anything that the Green Hornet and Kato have ever gone against so we will be bringing in some extra big and fun set pieces for this one.

TAYLOR ESPOSITO: As a fan of the initial concept and the series (and Bruce Lee), I want to see some antihero spy-esque stuff with gas guns and Jeet Kun Do.

SCOTT: Hey, Taylor. Didn't see you there! Of course you want to see those things — you don't have to write and draw them! Just for that I'm going to make every panel have a sound effect!

Intriguingly, this series will actually feature a unique three-color palette, with just black, white and green. Anthony and Taylor, how does this impact the way you are visually conveying the story?

ANTHONY: I think it's lots of fun! I'm trying to play a lot with black in this to really help develop mood and the green just works beautifully with softening the pages. It's easy on the eye and looks beautiful. I thought it would be a great way to play with the character since it's such a big part of the aesthetic.

TAYLOR: For me, it'll be about simplicity. I'll be going for a muted, old school mentality. No bells and whistles, just solid storytelling through lettering and a throwback to a 1960s/70s style, where you stay out of the way of visual storytelling.

On that similar note, are you folks pulling inspiration for this series from any other comics, artists or elsewhere in style and storytelling?

ANTHONY: I pull inspiration from everything! I would be a horrible liar if I didn't say I find inspiration from artists like Joe Kubert — really all of the Kuberts, Bruce Timm, Darwyn Cooke, Lee Weeks (who we have on a cover!), J. Bone, Frank Miller, Klaus Janson, David Mazzucchelli, John Romita, Sr. and Jr., I mean the list really could go on. I need to include Batman: The Animated Series, Fleischer Brothers Superman, like I said... that list is really endless!

TAYLOR: When I see pages and scripts, I see what comes to me and move from there. I try to let my gut and my eyes guide me on what to do or where to pull inspiration from.

SCOTT: Taylor, why are you still here? Shouldn't you be lettering issue one?!

The bunch of you have worked together previously, and for those not in the know, Anthony and Taylor both teach at The Kubert School. How has the collaboration been on this series so far?

SCOTT: I've been at this for a while and I don't think I've ever known anyone with more enthusiasm and love for comics than Anthony Marques. In the time that I've known him he's gone from assistant editor, to editor to comic book store owner, to owner of the Kubert School! How can you not love that resume? When he asked if I wanted in on Green Hornet I said yes before he even got "Gre— " out of his mouth. I just have that much fun being around him.

ANTHONY: Working with Scott is always great. He's extremely smart when it comes to story and he knows how to push you. We've been working together since I was an assistant editor at DC and he always works hard to create a compelling, action packed, and dare I say it, FUN story! Same with Taylor. I've been working with him since my DC days, and now as an instructor at The Kubert School, and he has always been a true professional and fantastic at his job. The common chord among all of us is that the story always comes first. It's the single most important thing in this art form and it's what we really pride ourselves on. Anyone who picks this series up is going to be in for a real treat. We're all working extra hard to bring something new and exciting to the character and I don't think anyone will be disappointed.

TAYLOR: It's like putting on an old shirt that just fits. Scott, Anthony and I have worked together since the first Red Hood series over at DC. I think both are two of the longest running creators I've worked with. We all just trust each other at this point. And Anthony the artist is the best, Anthony my boss said so! [Laughs]

SCOTT: And don't show this interview to our supreme commander Nick Barrucci or he'll figure out he doesn't even have to pay us to have this much fun together!

Daphne is really getting used to this whole "living with ghosts" thing. Except for the fact that Daphne is starting to have some funny feelings for one of the new ghosts, a former rockstar named Zola. But it's fine. Just fine! Just your standard girl-meets-girl-who-is-dead relationship. Don't make a big deal out of it. Collects issues #5-8.

ATTRACTIVE COUSINS
SUPER-CEREBUS GIRL!
NEVER!

ATTRACTIVE COUSINS ONE-SHOT

(W) Dave Sim
(A) Dave Sim, Gustave Dore
(CA) Benjamin Hobbs

So you *didn't* know that Super-Cerebus had a super-attractive cousin, Super-Cerebus Girl? That's probably because this is her first appearance! Which triggers Jingles' recollection of the only time he ever read a mint condition comic book: *Jimmy Olsen* No. 52, featuring "Jimmy Olsen, Wolf-man" and an open-and-shut case of the "Dogist Societal Entrapment Syndrome" that's sweeping the globe! Read all about it in exclusive excerpts from *Jingles: My Struggle.* (STL155948)

CEREBUS VOLUME 3: CHURCH & STATE I TP (REMASTERED EDITION)

Thirty years ago, the idea that a genocidal, absolutist *"fire and brimstone"* faith-based ideology could actually steamroll its way across national borders, financing itself by looting its own citizenry was considered too far-fetched "even for comic books" so that it could only be addressed in the broad confines of the Ultimate Parody Comic, Dave Sim & Gerhard's *Cerebus.* (STK000103)

ENCHANTED
A HISTORY OF FANTASY ILLUSTRATION

(W) Jesse Kowalski
(A) Various

For hundreds of years artists have been inspired by the imaginative potential of fantasy. Unlike science fiction, which is based on fact, fantasy presents an impossible reality — a universe where dragons breathe fire, angels battle demons, and magicians weave spells. Written by leading historians of the field, *Enchanted* traces the development of fantasy art from Old Masters through Golden Age illustrators to classic cover artists. More than 150 key works-including paintings, prints, drawings, and digital art-are illustrated in vibrant color, many at full-page size. (STL155691) (C: 0-1-0)

It's the year 2125, and a strange plague called "Cagaster" appears. One-in-a-thousand people is infected by this disease, which turns humans into monstrous cannibalistic insects. Two-thirds of humanity is decimated... 30 years later, young expert bug exterminator and mercenary adventurer Kidou and newfound friend Ilie struggle to survive in this brutal new world, while delving into the mysteries of the plague and its causes. Kidou is tasked with finding Ilie's mother, after being entrusted with her by her dying father. Meanwhile, the battle continues to rage against the mutated population of Earth, with the code possibly being cracked to finally end the nightmare. Cagaster is a thrilling shonen adventure into a strange apocalyptic universe, somewhere between **MAD MAX** and **ATTACK ON TITAN**!

Published by **Tokuma Shoten** in Japan, Cagaster has been adapted into an Anime series by **Gonzo Animation** called ***Cagaster of an Insect Cage*** under the direction of **Koichi Chigira** (*Tokyo Babylon, Full Metal Panic!, Last Exile*) which is streaming now on Netflix!

As a child, James Bellyi watched his father die in the ring as payback for slurs thrown at the other fighter. Today, he's a Mixed Martial Arts star at the top of his game, and one of the most popular fighters in the world...until he's outed as gay in his title shot press conference.

Abandoned overnight by his training camp, his endorsements, his fans and his sport, to regain his title shot Bellyi is forced to turn to the last person he ever wants to see again: Xavier Mayne, a gay, once-great fighter in his own right...and the man James once watched kill his father.

A singular achievement from writers Steve Orlando (*Martian Manhunter*, DEAD KINGS) and Phillip Kennedy Johnson (*Aquaman*, *Adventure Time*, *The Last Time*) with art from Al Morgan (*Midnighter*, *Daredevil*, *Battlestar Galactica*).

And we're taking you with us! *American Mythology Monsters* is our first foray into full-tilt fright, an all-new, black and white anthology title featuring modern takes on some of the horror world's most classic creations. Meet the hideous creature called "Quinn," an assemblage of sickening parts that together form a nightmarish creature who wants nothing more than to rip you to shreds! Beware the curse of "Safiya," rising from the unearthed corpse of an ancient Egyptian mummy and bent on the destruction of a scientific facility and the possession of its human inhabitants! And howl with a university professor whose brief sexual encounter with a mysterious woman has left him with "The Bite," and the horrifying curse of the werewolf! It's serialized horror in the classic tradition, in three tales that will haunt your dreams, but only for mature readers!

A washed-up, drug-addicted screenwriter and a down-on-her-luck bartender stumble onto a Satanic cult's plan to sacrifice people all across LA (geomapped in the form of a pentagram, of course) and bring on Armageddon.
As our intrepid heroes embark on a suicide mission to stop the crazy cultists, even they wonder if this is all really happening or if they're just really high. Probably both.

Curt Pires *(Olympia)* teams with artists **Chris Peterson** *(Grindhouse)* and **Alex Diotto** *(Olympia)* and colorist **Dee Cunniffe** *(Runaways)* for a story that cuts to the very center of Hollywood mythology and depravity itself.

"Chillingly prophetic, telling the tale of the children of superpowered people being torn away from their parents and sold on the black market."
-LA WEEKLY

In a world where only black people have superpowers, what price do they fetch on the black market?

From the pages of BLACK, this new story features Anansi and Hoodrat investigating a human trafficking ring that will take them across the globe and bring them face-to-face with dark pasts of abuse, child soldiers, and families torn apart.

"I loved Pirouette. It's hard to think up a more story-friendly setting than an old-timey circus, and M.L. Miller & Carlos Granda truly make the most of it." -CHARLES SOULE

Raised from infancy by duplicitous clowns who entertain by day and menace by night, Pirouette dreams of washing the paint from her face and escaping to a better life far away from her cruel adoptive circus family... because when the spotlights dim and the crowd disperses, the clown princess' big-top dreams give way to a nightmarish world of monsters with painted smiles.

M.L. Miller *(Gravetrancers)* spins Pirouette with authentic darkness and depth of character, while **Carlos Granda's** *(CALEXIT)* sweeping, exuberant line art evokes all the exotic charm and mysterious gloom of Pirouette's shadowy big top.

"Pirouette! Circuses have always scared me and now M.L. Miller and Carlos Granda have done a book that scares me in a different way, it is SCARY GREAT! Beautiful!!!" -GEOFF DARROW

O/A LE MAJOR HC (EXPANDED EDITION)

(W/A) Moebius
Working in a style dear to him and heavy with uncompromising improvisation, this sketchbook weaves between casual and intense graphic styles and was drawn by Moebius between 1997 and 2009. The protagonist of this pseudo-historical story, Major Grubert, evolves both philosophically and humouristically in a context echoing the brilliant "Inside Moebius" series. Taking another journey through the fabulous web like world of the Airtight Garage, several guest appearances are slipped between the pages of this book, including the likes of Lorenzo Mattotti, François Avril, André Juillard, William Vance, Sylvio Cadelo, as well as Isabelle Giraud and their children, Raphaël and Nausicaä. Jide and Petra are just two normal kids until they are selected to leave Earth and join their new alien classmates on an intergalactic research mission to Mars. Too bad Petra has no idea how she ended up in the program, seeing as the closest she wants to get to space is being a sci-fi writer. Jide, on the other hand, is the brains of the mission, but his helicopter parents make it clear he hasn't left their gravitational pull behind quite yet. What is meant to be an intra-species bonding experience soon turns to hijinx as the kids discover The Potato orbiting around their new space classroom and accidentally launch a mission of their own without any adult commanders around to supervise — or help! THE CONSTITUTION ILLUSTRATED GN

(W/A/CA) R. Sikoryak

R. Sikoryak, the master of the pop culture pastiche, visually interprets the complete text of the supreme law of the land with more than a century of American pop culture icons. Sikoryak distills the very essence of the government legalese from the abstract to the tangible, the historical to the contemporary. Among Sikoryak's spot-on unions of government articles and amendments with famous comic book characters: the eighteenth amendment that instituted prohibition is articulated with Homer Simpson running from Chief Wiggum; the fourteenth amendment that solidifies citizenship to all people born and naturalized in the USA is personified by Ms. Marvel; and, of course, the nineteenth amendment offering women the right to vote is a glorious depiction of Wonder Woman breaking free from her chains. MOMS GN

(W/A/CA) Yeong-Shin Ma

Lee Soyeon, Myeong-ok, and Yeonjeong are all mothers in their mid-fifties. And they've had it. They can no longer bear the dead weight of their partners or the endless grind of menial jobs where their bosses control everything, down to how much water they can drink. Bored with conventional romantic dalliances, these women embrace outrageous sexual adventures and mishaps, ending up in nightclubs, motels, and even the occasional back-alley brawl. With this boisterous and darkly funny manhwa, Yeong-shin Ma defies the norms of the traditional Korean family narrative, offering instead the refreshingly honest and unfiltered story of a group of middle-aged moms who yearn for something more. TRASH MARKET GN

(W/A/CA) Tadao Tsuge

Tadao Tsuge was one of the key contributors to the legendary avant-garde Japanese comics magazine *Garo* during its heyday in the late 1960s and early 1970s. *Trash Market* brings together six of Tsuge's compelling, character-driven stories about life in post-World War II Japan. "Trash Market" and "Gently Goes the Night" touch on key topics for Tsuge: the charming lowlifes of the Tokyo slums and the WWII veterans who found themselves unable to forget the war. *Trash Market* blurs the lines between fiction and reportage. Drawn & Quarterly has been bringing his work back into print, in volumes designed by Adrine Tomine. *A Drifting Life* is his masterwork, a graphic autobiography that is the culmination of his career. *Abandon the Old in Tokyo* is his incisive look at the seedy underbelly of Tokyo in the 1960s. *Fallen Worlds* draws on Edo-era storytelling for its eight stories about human nature. *Good-Bye*, created in the early 1970s, reflects on the aftermath of World War II and the devastation felt by Japan. *The Push Man and Other Stories* collects some of his powerful short work. NYMPH

By Leila Marzocchi

$29.99 / HC / 208 pgs / FC / 8.75" × 11.5"

Outside the Western Ruins, the birds and trees agree to protect a lone, defenseless pupa that has fallen from the sky. It begins to slowly evolve into a humanoid creature, showing a predilection for flight and music. When fossilized eggs start sprouting wings, the plant dwellers realize that they are in a new mystical world. Leila Marzocchi's lush artwork and witty dialogue makes *Nymph* equal parts tender and dark and proves that, to raise a child-like larva, it takes a village. Or at least a forest.

WINDOWS ON THE WORLD

By Robert Mailer Anderson, Zack Anderson, and Jon Sack

$24.99 / SC / 244 pgs / BW / 7.75" × 10.25"

Based on the story of the 2019 film, *Windows on the World* is a sensitive portrayal of a family in mourning and personalizes the grief felt by an entire nation following 9/11. The book pulls no punches, revealing how cruelly the U.S. can treat undocumented immigrants. Told with empathy and nuance, this emotionally resonant story reflects on how the pains of our recent past have shaped the character of America.

THE WINTER OF THE CARTOONIST

By Paco Roca

$21.99 / HC / 128 pgs / FC / 7" × 9.75"

Spanish comics superstar Paco Roca investigates the true story of five cartoonists who responded to the dark times of the Franco regime and poor working conditions at publishing titan Editorial Bruguera by starting their own magazine, *Tio Vivo*. The corporation, however, began trying to thwart their efforts, turning their battle into a real-life David and Goliath tale. Roca combines humor, compassion, and narrative mastery with profiles of the artists as they serve as heroes for all of those who have chased a dream, no matter how high the obstacles.

BRIAN "BOX" BROWN
CHILD STAR
HOLLYWOOD MAKES YOU GROW UP FAST

CHILD STAR GN

(W/A/CA) Box Brown

In *Child Star*, bestselling author Box Brown creates a biography of Owen Eugene, a fictional 1980s child actor. Owen had it all: a hit sitcom on prime time, a Saturday morning cartoon, and a memoir on the bestseller list. The secret to his success was his talent for improvisation... and his small size. But Hollywood ate him alive. On screen he made the whole world laugh, even as his life fell apart behind the scenes. Inspired by real-life child stars, Box Brown created Owen Eugene, a composite character whose tragic life is an amalgam of 1980s pop culture. In this fictional documentary-style graphic novel, we see how growing up in the spotlight robs young actors of a true childhood. (STL155848) (C: 0-1-0)

HISTORY COMICS: THE ROANOKE COLONY GN

(W/A) Chris Schweizer

Turn back the clock with History Comics! This volume of First Second's new nonfiction series introduces readers to America's first mystery, the disappearance of the Roanoke Colony. In this volume, turn the clock back to 1590. A century before the Pilgrims, the first English settlers established the colony of Roanoke. But without warning, all its inhabitants abandoned their homes and disappeared without a trace. THE MARS CHALLENGE GN

(W) Alison Wilgus (A) Wyeth Yates

Travel to deep space and back again with *The Mars Challenge*, a nonfiction graphic novel for teens about the science and logistics of a manned mission to Mars. Nadia is a teenager with a dream: to be the first woman on Mars. But there are a lot of obstacles in her way: gravity wells, interplanetary trajectories, space weather, and that pesky rocket equation. It's a good thing Nadia's friend Eleanor is a space wiz. Eleanor explains how scientists are working to overcome the numerous challenges involved in a manned mission to Mars. The challenges are great, but not insurmountable. Humans can reach Mars in our lifetime, and this book explains how it can be done. Available in softcover and hardcover editions. (STL155839) (C: 0-1-0)

WHO COVERS OVERSTREET?

"Ever since I was a kid working in a NYC comic shop, I'd known that you had to be seen as one of the most respected artists in the industry to make the cover of ***The Overstreet Comic Book Price Guide***. Each new edition proved it; Kubert, Eisner, Barks, Wood, etc., all the way through to the greats of today. When I was chosen for a cover a few years back I could not have considered it a greater honor to join the pantheon of supreme talent that came before me. To be asked a second time is truly humbling."

Joe Jusko
***Overstreet* Debut: #42**

"I'm delighted that I've been able to draw covers for an iconic publication that's been an integral part of the comic book experience throughout my career. And I love that I've been able to do both a company character I'm known for, as well as some creator-owned characters of my own. Thanks, folks!"

Walter Simonson
***Overstreet* Debut: #41**

"Working on an ***Overstreet*** cover is a special opportunity to be a part of a cornerstone of comics history, collecting, and fandom. Absolutely one of the highlights of my career."

John K. Snyder III
***Overstreet* Debut: #31**

"When I was about 11, I began my foray into collecting comics. I collected because of who drew the covers. Plain and simple. The first new book I bought off the shelves (something for cover price and not 10¢ at the flea market) was Arthur Adams' ***Classic X-Men*** #1. Because the cover made my jaw drop. Still does! It was and still is what grabs me and draws me to a comic. I saw my first ***Overstreet*** with a Will Eisner cover at a convention in Oakland around the same time and again, my jaw dropped. It makes sense to me now, that the cover for the ***Guide*** should have a cover as amazing as any great book you might find inside. ***The Overstreet Comic Book Price Guide*** has ***always*** had great covers by great creators. And to be honest, the offer to contribute a cover alongside such a history of greats was shocking if nothing else. But I had to do it! What a pleasure to be involved in something that has contributed so much to the history of the medium, its collectors and fans. More than my 11-year-old self could have ever imagined. Or maybe, it's ***exactly*** what my 11-year-old self was hoping for and I can be happy that I made his dream come true."

The Art of Overstreet

THE ROAD TO OVERSTREET 50

As I've discussed a few times in this space so far, we're quickly approaching the Golden Anniversary of *The Overstreet Comic Book Price Guide*. It's hard to believe that 50 years have already gone by since my debut edition, but here we are.

We've been fortunate enough to have some absolutely stellar artists contribute to this year's edition, but before I discuss who those talents are, I wanted to look back on the history of *Overstreet* covers. Longtime collectors are probably very familiar with the first *CBPG* cover, a simple black-and-white piece that featured the iconography of many publishers of the time. You may also remember that the second edition printing of that first book had a blue cover instead.

I went to a blue cover because the printing was so bad on the first one – the black ink was washed out on a lot of the copies. I thought if I put a color in the background that would minimize the washed out black, which is why I went to blue. On top of that, there were mistakes in the first edition, and we corrected the most glaring ones.

COMIC BOOK
Price Guide
ALL NEW 4th EDITION
Featuring The JUSTICE SOCIETY of AMERICA

After running comic book covers on #2 and #3, it was a natural transition to have original covers for future guides done by master comic book artists. My first professional cover was done by Don Newton. His cover of the Justice Society of America was a beautiful piece of art which itself inspired top artists like Joe Kubert (Tarzan), Will Eisner (The Spirit) and Carl Barks to do the next covers in line. After that, it was easy to solicit covers.

Since then, our covers have all been brilliant, and I've been so fortunate to see artists consider an *Overstreet* cover an honor as well!

"Ever since I was a kid working in a NYC comic shop, I'd known that you had to be seen as one of the most respected artists in the industry to make the cover of *The Overstreet Comic Book Price Guide*," Joe Jusko said. "Each new edition proved it; Kubert, Eisner, Barks, Wood, etc., all the way through to the greats of today. When I was chosen for a cover a few years back I would not have considered it a greater honor or to join the pantheon of supreme talent that came before me."

This year we're happy to have Todd McFarlane contributing a fabulous Spawn and Spider-Man crossover piece for our cover. He's joined by Chris Evenhuis on Wynonna Earp, and John K. Snyder III on a Valiant Heroes piece. But for #50, we've got even more in store, so stay tuned.

LAME OF THRONES: THE FINAL BOOK IN A SONG OF HOT AND COLD SC

For nine years, readers have been waiting for George R.R. Martin to finish *A Song of Ice and Fire*. Well, now he doesn't have to. From The Harvard Lampoon comes an outrageous, uproariously funny parody of *Game of Thrones*, in the tradition of *Bored of the Rings* and *The Hunger Pains*. *Lame of Thrones* takes you to Westopolis, where several extremely attractive egomaniacs are vying to be ruler of the realm and sit on the Pointy Chair. Jon Dough was a likely bet, but his untimely murder at the hands of his own men of the Night's Crotch has made that seem less likely. Will Dragon Queen Dennys Grandslam escape from her Clothkhaki captors and return to conquer the world? Or will she just get left in the desert counting grains of sand for the rest of the book? But his brain is also creative, and so devises a coping mechanism to protect itself from the worst thoughts and feelings by performing rituals called "compulsions" that help Jason work through fears of contamination, guilt, panic, and relationships. Yes: Jason has OCD. *Everything Is an Emergency* is Jason's way of showing us that OCD can be funny and, as Jason has discovered, while unmaking habits is hard, nothing worth doing is ever easy. J. Michael Straczynski is one of the most successful writers in Hollywood. Yet Joe's personal history has always been shrouded in mystery. *Becoming Superman* lays bare the facts of his life: Of being raised by damaged adults, growing up in abject poverty, living in slums and projects, crisscrossing the country as his violent father tried desperately to escape the consequences of his past. To survive, Joe found refuge in his beloved comics and in his dreams, immersing himself in imaginary worlds populated by superheroes whose powers allowed them to overcome any adversity. *Becoming Superman* is a story of creation and darkness, hope and success, and a little boy who broke the cycle of violence to become the hero of his own story. Marguerite's a shy twentysomething working hard to keep up appearances in her "normal" adult life. But something's been off for a while: everyday noise assaults her senses, constant coworker chatter works her nerves, and her clueless boyfriend makes her feel like she's imagining it all. After a failed road trip ends in disaster, Marguerite finally searches for answers: Why is she so sensitive to everything? Why can't she just make small talk? Why does she feel like she isn't enough? A miraculous thing happens: Marguerite is diagnosed with Asperger's syndrome, embarking her on a three-year journey of acceptance and self-love. Finally living by her own rules, she asks the real question: Why doesn't the world understand autistic people?

A Letter From the Author:

This comic is dedicated to **you.**

You, the deviants*.

People who are “too much like this” or “not enough like that.”

You who, simply by existing, transgress established norms.

You who thumb your nose at the dictates of “normality.”

There’s nothing in you that needs healing, nothing that needs to change. Your role is not to fit into a mold, but rather, to help others—all others—out of the molds they’ve been trapped in. You’re not here to follow some pre-ordained path, but rather the opposite: to make your own way in the world, and invite those around you to stray from their well-trodden paths.

By embracing your truest self, making peace with your uniqueness, you become an example to follow. You thus have the power to shatter the normative shackles that hold us all back and keep us from living together in mutual respect and acceptance.

Your difference isn’t part of the problem, it’s part of the solution.

It is a cure for our society, a society obsessed with normality.

–Julie Dachez

THE MINAMATA STORY GN

(W) Sean Michael Wilson
(A) Akiko Shimojima
A powerful graphic novel that tells the story of "Minamata disease," a debilitating and sometimes fatal condition caused by the Chisso chemical factory's careless release of methylmercury into the waters of the coastal community of Minamata in southern Japan. First identified in 1956, it became a hot topic in Japan, growing into an iconic struggle between people versus corporations and government agencies. This struggle is relevant today, not simply because many people are still living with the disease but also because, in this time of growing concern over the safety of our environment, Minamata gives us as a very moving example of such human-caused environmental disasters and what we can do about them. THE JAMES BOND ARCHIVES: NO TIME TO DIE REVISED EDITION HC

"Bond, James Bond." Since Sean Connery uttered those immortal words in 1962, the most dashing secret agent in the history of cinema has been charming and thrilling audiences worldwide. EON Productions opened their archives of photos, designs, storyboards, and production materials to editor Paul Duncan, who spent two years researching over one million images and 100 filing cabinets of documentation. The result is the most complete account of the making of the series, covering every James Bond film ever made, beginning with *Dr. No* (1962) and ending with *No Time To Die* (2020), including the spoof *Casino Royale* (1967) and *Never Say Never Again* (1983). The updated edition includes exclusive photography and new interviews with Daniel Craig, director Cary Fukunaga, producers Michael G. Wilson and Barbara Broccoli, and many others, revealing the full story behind the making of the emotionally charged *No Time To Die*. (STL155731) (C: 0-1-1)

A unique tribute from David Bowie's official photographer and creative partner, Mick Rock, compiled in 2015, with Bowie's blessing. In 1972, David Bowie released his groundbreaking album *The Rise and Fall of Ziggy Stardust and the Spiders from Mars*. With it landed Bowie's Stardust alter ego: a glitter-clad, mascara-eyed, sexually ambiguous persona who kicked down the boundaries between male and female, straight and gay, fact and fiction into one shifting and sparkling phenomenon of '70s self-expression. A key passenger on this glam trip into the stratosphere was fellow Londoner and photographer Mick Rock. This collection brings together spectacular stage shots, iconic photo shoots, as well as intimate backstage portraits. (STL155733) (C: 0-1-1)

MUSEUM OF MISTAKES: THE FART PARTY COLLECTION TP

(W/A/CA) Julia Wertz

In 2004, Julia Wertz began a series of funny, irreverent autobiographical comics she called *The Fart Party*. After posting these comics online to acclaim and controversy, she eventually started collecting these comics as self-published minis which found their way to Atomic Books in Baltimore, who thought they ought to be collected into a proper book. As these things go, the first volume was so successful, there was a second volume. Both are now out of print, but *Museum of Mistakes* collects them into one book, plus numerous pages of Julia's early comic work, unpublished and/or previously uncollected comics, short stories, illustrations, process pages, hate mail, sketchbook pages, tear stains and more. Someone is brutally murdering vampires. And Detective Harper Halloway has been assigned to the case. To solve it, she'll have to unearth a much deeper truth: The future of humanity has been edited.

Queen of the Sea
DYLAN MECONIS

THE QUEEN OF THE SEA GN

(W/A/CA) Dylan Meconis

When her sister seizes the throne, Queen Eleanor of Albion is banished to a tiny island off the coast of her kingdom, where the nuns of the convent spend their days peacefully praying, sewing, and gardening. But the island is also home to Margaret, a mysterious young orphan girl whose life is upturned when the cold, regal stranger arrives. As Margaret grows closer to Eleanor, she grapples with the revelation of the island's sinister true purpose as well as the truth of her own past. When Eleanor's life is threatened, Margaret is faced with a perilous choice between helping Eleanor and protecting herself. In a hybrid novel of fictionalized history, Dylan Meconis paints Margaret's world in soft greens, grays, and reds, transporting readers to a quiet, windswept island at the heart of a treasonous royal plot. MANGAPEDIA: "MANGA HIDDEN GEMS"

FROM SEVEN SEAS ENTERTAINMENT

Seven Seas would like to suggest some of these hidden (and not-so-hidden) gems of ours from the last few years, if you're looking for something short and special!

If you like post-apocalyptic stories, but wish they were cute, try the 3-volume manga series *Giant Spider & Me: A Post-Apocalyptic Tale* (*Vol. 1* / NOV171871), in which a young woman lives in the mountains after a widespread disaster, and befriends a giant mutated spider creature!

Also Available: *Vol. 2* (MAR181882); *Vol. 3* (SEP182298)

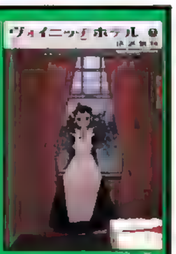
Satoko and Nada (*Vol. 1* / JUL182469), a lovely 4-volume work about a Japanese woman and a Saudi Arabian Muslim woman becoming college roommates in America.

Also Available:
Vol. 2 (APR192325);
Vol. 3 (OCT192415);
Vol. 4 (Coming Soon!)

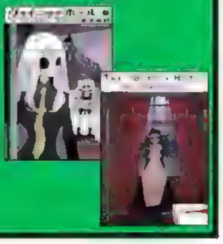
BRAVE TUBER

The two-volume manga, *The Brave-Tuber* (*Vol. 1* / JUN192233) follows two would-be heroes trying to become stars on "WizTube," a streaming video site. Heck, if that means they can get people to press *subscribe*, they might even defeat a Demon-Lord! Also Available: *Vol. 2* (OCT192405)

Finally, *The Voynich Hotel* (*Vol. 1* / MAR181895) is a delightfully bizarre (and funny!) 3-volume manga about a man staying in a special hotel... with vacation, murder, weed, and Chuck Norris (allegedly)!



Also Available:
Vol. 2 (JUL182475);
Vol. 3 (OCT182208)



For a wonderful series packed with characters from all over the LGBT+ spectrum — and in different stages of processing their identities — definitely check out the 4-volume manga, *Our Dreams at Dusk: Shimanami Tasogare* (*Vol. 1* / FEB192308).
Also Available:
Vol. 2 (APR192323);
Vol. 3 (JUN192246);

Relive Christie's three-year adventure at the Yatta Anime Convention with this 15th-anniversary edition of Svetlana Chmakova's debut series: Dramacon. All three volumes are compacted into one pocket-sized edition.

Vol 1 Summary: When amateur writer Christie settles in the artist alley of her first-ever anime convention, she sees it as an opportunity to promote the manga she had started with her artist boyfriend. But when she unexpectedly falls for a mysterious cosplayer, things become complicated. What do you do when you love someone who is going miles away from you in just a couple of days?! Web-comic vet Svetlana Chmakova gives us a funny, romantic, behind-the-scenes look at an anime convention-where sometimes even two is a crowd!

PURE INVENTION: HOW JAPAN'S POP CULTURE CONQUERED THE WORLD HC

(W/A/CA) Matt Alt

The Walkman. Karaoke. Pikachu. Pac-Man. Akira. Emoji. We've all fallen in love with one or another of Japan's pop-culture creations, from the techy to the wild to the super-*kawaii*. But as Japanese media veteran Matt Alt proves in this brilliant investigation of Tokyo's pop-fantasy complex, we don't know the half of it. Hello Kitty, the Nintendo Entertainment System, and entertainment empires like Pokémon and Dragon Ball Z were more than marketing hits. They transformed us as we consumed them, connecting as well as isolating us in new ways, opening vistas of imagination and pathways to revolution. It's Japan's world; we're just gaming, texting, singing, and dreaming in it. (STL156083) (C: 0-1-0)

Steve Alpert, a Japanese-speaking American, was the "resident foreigner" in the offices of Studio Ghibli and its parent Tokuma Shoten and played a central role when Miyazaki's films were starting to take off in international markets. And as the lone gaijin in a demanding company run by some of the most famous and influential people in modern Japan, Steve Alpert tackles his own challenges of language and culture. TOY TALK: PAUL HARDING

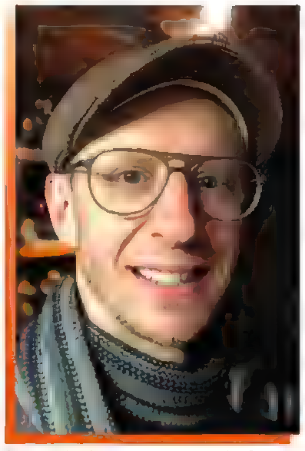
Toys, Statues and other collectibles don't just magically appear on store shelves. A lot of work goes into the concept, design, sculpting and final production of these items, and many of the people who work behind-the-scenes with companies like Diamond Select, DC Collectibles and Gentle Giant, among others, remain mostly unknown to their appreciative audience: the final consumer.



With *Toy Talk*, we hope to introduce you to the artisans behind some of your favorite collectibles, and to let them enjoy their well-deserved moment in the spotlight!

This month, we welcome *Diamond Select Sculptor/Designer*, PAUL HARDING...

• •

PREVIEWS: How did you get involved in the toy industry as a designer/sculptor?

Paul Harding: In 2002, after the "dot com" bubble burst and I was out of a job, I sold a four-character design set to Mezco called "*Sonic Alliance*," a group of urban vinyl DJ's. I was a trained illustrator, so my passion was for character design. They asked me to sculpt them and I said to myself, "*Well, I better learn how to sculpt figures fast!*" This led to a lot more work for that company and soon Toybiz in 2003, Diamond Select's Marvel Select in 2004, and then DC Direct in 2005.

PREVIEWS: What's your general process for creating a piece and how has it changed over the years?

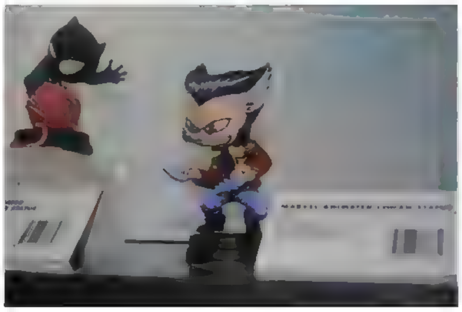
Paul Harding: In the early days I was sculpting in the green clay called Castilene. This method soon transitioned to "Hasbro" wax which I would concoct in my studio to create figures for the toy company of the same name. In '09 I made the difficult switch to digital sculpting with Zbrush. I can't believe it's been a decade now. Since then, and thanks to the digital revolution, I've been able to keep up with the incredibly demanding deadlines of the toy industry.

PREVIEWS: Given your experience creating both statues and action figures, how does your approach to sculpting differ between the two?

Paul Harding: Generally, I will start an action figure the same way I would start a statue: Standing up with really no pose at all. But that's only for the first day or so. The process quickly changes after that. For action figures, I will start cutting in articulation as I refine the anatomy and details. For statues, I will get most of the major elements into the sculpt and then go directly to posing the piece. Musculature plays a more crucial role in statues and variations in posing will change how the muscles react. That's the fun part.

PREVIEWS: How do you manage to faithfully translate Skottie Young's cartoon style into three dimensional sculptures for products like Gentle Giant's upcoming Logan statue?

Paul Harding: With Skottie's art the sculptor has to understand his spontaneity and his intent, especially when it comes to a quick brush stroke or a wacky body part design. I think a lot of people weren't sure his art could be translated to three dimensions, but with a little TLC we've shown that it's definitely possble! And cute! And weird!



PREVIEWS: Do you have a favorite Diamond Select or Gentle Giant product you've worked on?

Paul Harding: For Gentle Giant I would have to say it's the Premier Guild exclusive *Darth Revan Statue*. He's one of those beautiful designs that I figured I'd never get a chance to work on, so it was an honor when the project came to my studio! As far as Diamond Select projects go, it would have to be the *Batman '66 Shakespeare Bust*. Mostly because of its size and that it can exist in a non-collector's living space as well. It has also been fun to hear how collectors have modified it to open their garage doors and hidden movie screens!

MEZCO FLIPS A COIN AND LANDS ON TWO-FACE FOR THEIR NEXT ONE:12 COLLECTIVE FIGURE

The *One:12 Collective* presents Two-Face, the alter ego and criminal mastermind persona of Gotham City's fallen District Attorney, Harvey Dent. This unique design based on a culmination of Two-Face's many designs over the years features over 28 points of articulation and a tailored real cloth two-toned suit.

Two-Face's conflicting personas mean this figure wouldn't be complete without the three different interchangeable heads, including two chemically disfigured portraits that capture his disturbing and enraged visage! Plus, his dual identity can be concealed with an included roll of real gauze.

But no criminal mastermind goes into a job unprepared. The *One:12 Collective Two-Face* wields a massive arsenal consisting of an encased explosive device with light up feature, missile launcher, sub-machine gun, handgun, and switchblade. And of course, Two-Face is never without his lucky coin which is affixed to multiple interchangeable hands and comes as an effect piece so you can pose him flipping his classic coin.

The accompanying 16-page magazines profiles each ship and features interviews with the show's creators including Ronald D. Moore.
